## ACS and PARTNERS TRAFFICKING

### NOTICE BY AFFIDAVIT

RECEIVED

Comes now Affiant, Ka Hu Sia Ba N Shu El Bey, one of the people, in this Court of Record,

Sui Juris, making the following claims and giving due notice of the following facts that ALL government officials and private contractors give due care:

#### New York Constitution Declaration of Rights

- **Rights, privileges and franchise secured;**

Section 1 No member of this state shall be disfranchised (1), or deprived of any of the rights or privileges secured to any citizen thereof, unless by the law of the land.

#### [Bail, fines, punishments, detention of witnesses]

Section 5 Excessive bail shall not be required nor excessive fines imposed, nor shall cruel and unusual punishments be inflicted, nor shall witnesses be unreasonably detained.

Section 7 (a) Private property shall not be taken for public use without just compensation.

#### [Freedom of speech and press; criminal prosecutions for libel]

Section 8 Every citizen may freely speak, write and publish his or her sentiments on all subjects.

#### [Equal protection of laws, discrimination in civil rights prohibited]

Section 11 No person, (in my case Moor), shall be denied the equal protection of the laws of this state or any subdivision thereof.

No person, (in my case Moor), shall because of race, color, creed or religion, (in my case National Origin), be subjected to any discrimination in his or her civil

rights, (in my case Human Rights), by any other person, or by any firm, corporation, or institution, or by the State or any agency or subdivision of the State.

**[Security against unreasonable searches, seizures and interceptions]**

Section 12 The right of the people to be secure in their persons, houses, papers, and no warrants shall issue, but upon probable cause, supported by oath or affirmation, and particularly describing the place to be searched, and the persons or things to be seized, which is in harmony with the fourth amendment.

**The Organic Constitution of the United States of America**

**Amendment V** No member shall be deprived of life, liberty, or property, without due process of the law, nor shall private property be taken for public use.

**Trust Relationship of Public Officials and the People:**

Protection of Rights of the People require for the people to have their interest covered as they are the GRANTORS of the Trust powers you hold as TRUSTEES AND PUBLIC SERVANTS.

**1877 Georgia Constitution (as Ratified without Subsequent amendments)**

**ARTICLE I**

**BILL OF RIGHTS**

**SECTION I**

Paragraph I. All government, of right, with the people, is founded upon their will only, and is instituted solely for the good of the whole. Public officers are the trustees and servants of the people, and at all times, amenable to them.

**What did Sandra Day O'Connor Say?**

The U.S. Supreme Court ruled on the issue of grandparent visitation rights in the 2000 case of **530 U.S. 57**, which involved a dispute between a Washington-state mother and her ex boyfriend's parents.

When Brad Troxel, the children's father, died in 1993, his parents informed the mother, Tommie Granville that they wanted to maintain a relationship with the

couple's two daughters. Washington law at the time allowed "any person" to petition for visitation "at any time" and gave state courts discretion to grant that visitation when it was in **the child best interests**.

But the majority of the Troxel court struck down the state statute as unconstitutional, finding it interfered with parents' rights to raise their children as they please. Writing for the majority, Justice Sandra Day O'Connor said, "The liberty interest at issue in this case-the interest of parents in the care, custody, and control of their children-is perhaps the oldest of the fundamental liberty interests recognized by this Court."

Where in the Law did the State get the power when working in private business to overrule mothers and fathers and let people or corporations take kids from parents?

**Let's check the main three laws used to say CPS/ACS has this power:**

**ASFA:**

#### **SECTION 401 PRESERVATION OF REASONABLE PARENTING.**

Nothing in this Act is intended to disrupt the family unnecessarily or to intrude inappropriately into family life, to prohibit the use of reasonable methods of parental discipline, or to prescribe a particular method of parenting.

**Social Security Act of 1935** [Original Legislative Intent of Congress not for CPES/ACES to take kid/s]

#### **TITLE XI- GENERAL PROVISIONS**

**DEFINITIONS SECTION 1101** (6)(d) Nothing in this Act shall be construed as authorizing any Federal official, agent, or representative, in carrying out any of the provisions of this Act, to take charge of any child over the objection of either of the parents of such child, or of the person standing in loco parentis to such child.

**CAPTA:**

**SECTION 2 (a)** Notwithstanding any other provision of law, an annuitant, as defined under section 8901(3) of title 5, United States Code, who is participating or who is eligible to participate in the health benefits program offered under the Retired Federal Employees Health Benefits Act (74 Stat. 849; Public Law 86-724),

may elect, in accordance with regulations prescribed by the United States Code, in lieu of coverage under such Act.

Corporate State actors have failed to give full disclosure to the people and police that the programs that are allowing CPS/ACS to provide enforced services limit their actions by original legislative intent. The Programs were not meant to be used as an Authority to snatch little ones from their parents and as a matter of fact, the very laws prohibit it. The fact that there has been an omission to give notice of these rights has caused for many mothers and fathers to lose their children which the State did not create.

The people are the Creators of the government seats, and governments were created to protect our individual rights and liberty, and creating some **false jurisdiction** by trying to partner with the (persons), creating corporate partnerships and benefit programs does not give one the authority to take biological property (little ones from the people). Furthermore, the people are not federal employees!

## **THE PEOPLE REQUIRE DUE PROCESS OF LAW TO TAKE A LIBERTY AWAY**

### **[Rights, privileges and franchise secured;**

The United States Supreme Court of Appeals for the Ninth Circuit said it best. "The Government's interest in the welfare of children embraces not only protecting children's interest in the privacy and dignity of their homes and in the lawfully exercised authority of their parents. See Calabretta V. Floyd 189 F. 3d 808 (1999).

A child has a constitutionally protected interest in the companionship and society of his or her parents. See (See Ward v. San Jose. 9th Cir. (1992).

Parent's interests are of "the highest order." And court recognizes "the vital importance of curbing overzealous suspicion and intervention on the part of health care professionals, and government officials." See Thomason v. Sean Volunteer Services, Inc., 8th Circuit (1996).

Duchesne v. Sugarman, 566 F. 2d 817, 825 (2d Cir. 1977).

An Affidavit which has not been rebutted stands as the truth in law; no more than a lawful affidavit is necessary to generate a prima facie case. See U.S. v. Kis, 658 F. 2d at 536, U.S. v. Powell 379 U.S. 57 at 58.

The people's constitutional standards must always prevail over the legislature's statutory standards, should the latter be lower. See Gannon v. State, 319 P. 3d 1196 (Kan. 2014).

Statutes are construed to accord with constitutions, not vice versa. See City of Fernley v. State, Dep't of Tax, 366 P. 3d 699, 132 Nev. Adv. Op. No. 4 (Nev. 2016).

With such overwhelming case law there is no question about the fact of the claim made here statutes are not law. Plaintiff/ the court now challenges prosecution and Magistrate to prove the statutes apply to plaintiff/court. Plaintiff denies being a government employee if the prosecution or state or Magistrates wish to say different then prove I have been a paid employee of federal or state Government. As well article 1 section 8 clause 14 says clearly the government makes the rules for the government not the people. Cruden v. Neale, 2 N.C. 338 (1796) 2 S.E.

Constitutionally, "a statutory presumption cannot be sustained if there be no rational connection between the fact proved and the ultimate fact presumed. See "Tot v. United States, 319 US 463, 467; 63 S. Ct 1245, 87 L. Ed. 2d 1519 (1943).

"A statute will not be presumed to have extra territorial effect...outside the [territorial] jurisdiction of the legislature...over persons residing outside the (territorial) jurisdiction of the legislature." (Bond v. Jay, 7 Cranch 350, 3 L Ed 367).

A "Code" or Statute is not a Law," See (Flournoy v. First Nat. Bank of Shreveport, 197 La. 1067, 3 So 2d 244, 248).

...lacking due process [of law], in that they are 'void for ambiguity' in their failure to specify the statutes' applicability to "natural man," otherwise depriving the same of fair notice, as their construction by definition of terms aptly identifies the
